FREELANCE WEB AND UX DESIGNER

06.2017-Present

Working with a developer on multiple freelance projects. Content strategy, visual, UX design, accessibility and interaction design. Digital version of an intake assessment for tablet; and websites for non profit, performing arts, Ed Tech, and a media production agency.

CONTRACT DESIGNER

01.2019-07.2019

EMCOR SERVICES MESA ENERGY SYSTEMS

Graphics for building automation systems, including logo, splash screens, and floor plans. Control system panel assembly, purchases, RFIP's and as-builts using Visio.

SDSU-DUIP

06.2018-Present

Designed digital version of an intake assessment for tablet, working with a developer. UI, interaction design, optimization for accessibility. Used Trello to document and track project.

APL NEXTED

02.2018-03.2018

Consulted with client to redesign registration flow and faculty profile pages. Reimagined dashboard layout including a calendar, and user flow for action items regarding compliance, course invitations, and compliance invites.

JUAN BALIKBAYAN, INC.

07.2017-02.2018

Designed and built travel services website for an overseas client. Led project strategy, communication and documentation. Ensured that requirements were met for website build, and usability best practices were considered.

PROJECT COORDINATOR

THE UX DEPARTMENT

01.2017-06.2017

Conducted contextual inquiry, interviews and usability testing on proprietary CRM for the marketing sector. Documented the sessions, and collaborated with remote team to communicate about next steps.

GLOBALITY

12.2016–03.2017

Provided administrative support to Design, Product, and Risk teams, and partnered with third-party vendors. Recruited research participants, scheduled and set up internal meetings. Used Cisco WebEX and Confluence.

INSTRUCTION

06.2006–01.2016

EXPRESSION COLLEGE, SF JAZZ, BECMI

Managed over 100 group projects in 5–8 week sprints. Led courses and workshops for adult class sizes of 6–25. A/V setup and technical support for media production classes. Designed curriculum and collaborated with departments to improve educational products.

Skills

HCI, CX, IA, ID, UI/UX, Accessibility, Office 365, Trello, Airtable, Google Drive, Dropbox, Atlassian Jira and Confluence, Screenflow. HTML5, CSS3, Wordpress, GitHub. Agile, Lean methodologies.
